

NTHSSA onto SAM

Introduction to SAM

What is SAM?

- SAM or the System for Accountability and Management is the GNWT, Housing Corporation and soon to be the NTHSSA's Finance, Procurement and Inventory Management System.
- SAM went live for the GNWT and Housing Corporation in 2009 and just went through an upgrade in 2018.
- Since the upgrade, SAM is now integrated with the HRIS system used for reporting time and viewing your paycheque and users can also approve transactions online.

SAM Key Benefits

- Access to reliable, real-time information to make quick and informed decisions.
- Finance, Procurement and Inventory data for all six NTHSSA regions will now be in one system.
- Ability to check where all transactions are along the path from start to finish.
- Direct deposit for travel and expense claim reimbursements.
- Supported by a group of 14 dedicated employees on the SAM Sustainment Team.

Key Terms

- **WorkCenters** – are a type of configurable PeopleSoft page that enable users to access related transactions, analytics data and query results from one central location.
- **Query Viewer** – PeopleSoft page that lets users search for a query using basic or advanced search functions.
- **Find an Existing Value** – Tab that lets users search for pending or approved financial transactions.

Key Terms

- **Chart of Accounts** - A financial classification system for identifying, aggregating and reporting financial transactions.
- **Run Control IDs** – Is a process that you initiate in SAM by defining certain parameters, the result of which is that a report is generated.

Lesson Objectives

- Upon completion of the lesson, participants should be able to:
 - Navigate in SAM
 - Navigate within SAM WorkCenters
 - Set up Favorites
 - Use the Find an existing value function
 - Use the Query Viewer
 - Understand the basics of the Chart of Accounts
 - Know how to generate a Run Control ID

Navigation in SAM

The screenshot displays the 'Employee Self Service' interface with a grid of service tiles. The tiles are arranged as follows:

- SAM/HRIS News:** Contains two news items, one with a 'Reminder' icon and another with a smiley face icon.
- View T4:** Contains a document icon with a checklist.
- Time Entry:** Contains an icon of a person and a clock.
- Careers:** Contains a briefcase icon.
- SAM Approvals:** Contains a document icon with a checkmark. This tile is highlighted with a yellow border.
- Expenses WorkCenter:** Contains an icon with a plane, a car, and a fork and knife.
- Visa One:** Contains a document icon with a checkmark. This tile is highlighted with a yellow border.
- Performance Documents:** Contains a document icon with a bar chart and a person.
- Leave Details:** Contains a briefcase icon with a pie chart.
- Comp Bank Balances:** Contains an icon of buildings and a banknote.
- Direct Deposit:** Contains a clock icon with a banknote.
- Overtime Requests:** Contains a briefcase icon.
- Mobile Time Entry:** Contains a document icon with a clock.
- Pay Advice:** Contains a blank white space.
- Change My Password:** Contains an icon of a person and a gear.

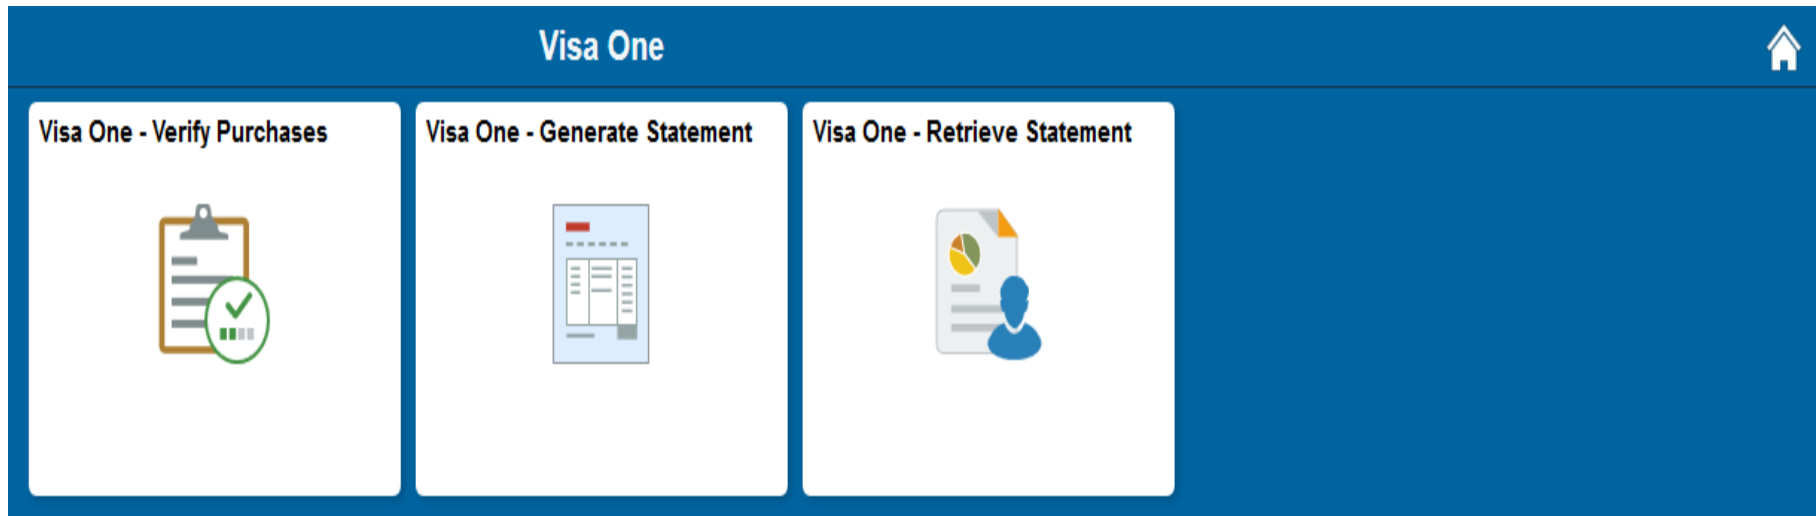

The interface includes a top navigation bar with a home icon, a search icon, a flag icon, and a menu icon. The bottom right corner features a 'G' logo.

Navigation in SAM

- Landing page will have 3 new tiles
 - SAM Approvals
 - Expenses WorkCenter
 - Visa One
- Users can click on these tiles and go to the specific WorkCenter

Navigation in SAM

- Let's Click the Visa One tile

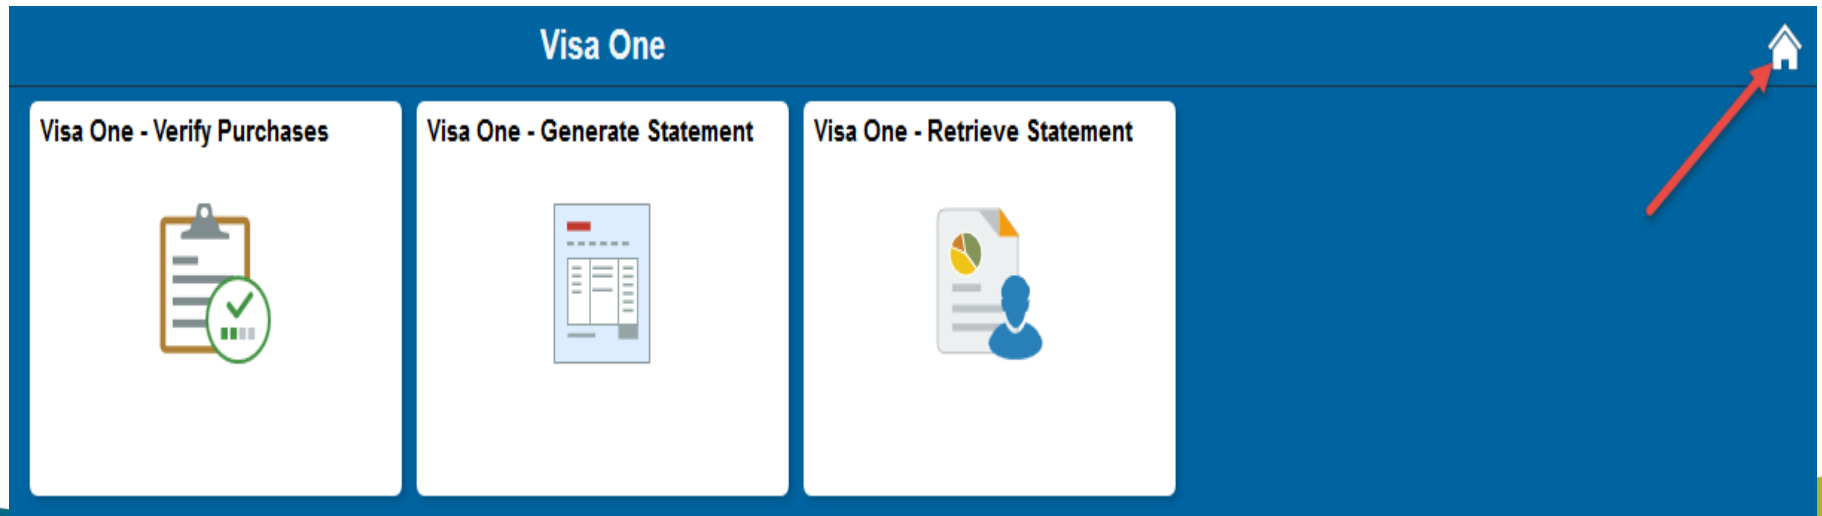

The screenshot shows a dashboard titled "Visa One" with a home icon in the top right corner. Below the title bar, there are three main tiles:

- Visa One - Verify Purchases**: Represented by a clipboard icon with a green checkmark.
- Visa One - Generate Statement**: Represented by a document icon with a red header bar.
- Visa One - Retrieve Statement**: Represented by a document icon with a pie chart and a blue person silhouette.

Navigation in SAM

- To return back to the landing page click on the Home icon

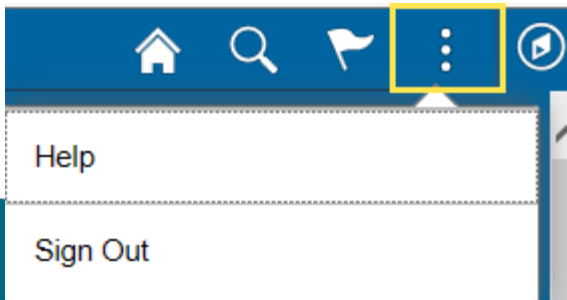

Navigation in SAM

- The icon below is the Actions List

- Clicking on it will give you the following options

Navigation in SAM

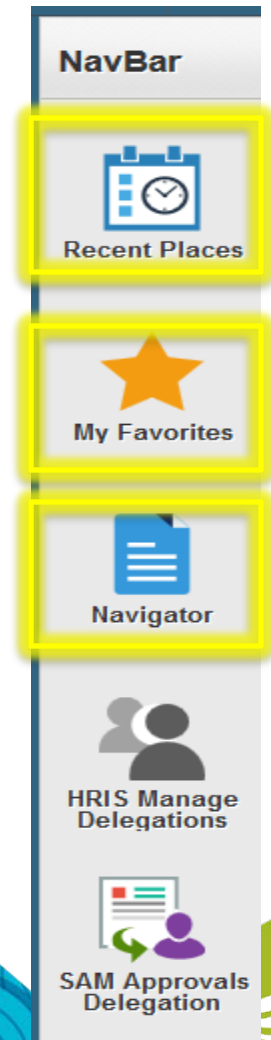

- The icon below is the NavBar

- Clicking on this icon will give you the Navigation bar
- You can navigate to the WorkCenters using the NavBar

Navigation in SAM

- **Recent Places**
 - Lists the recent links you have visited
- **My Favorites**
 - Lists your favorite links
- **Navigator**
 - Lists a menu of HRIS and SAM links
 - Links can navigate you to WorkCenters

Navigation in SAM

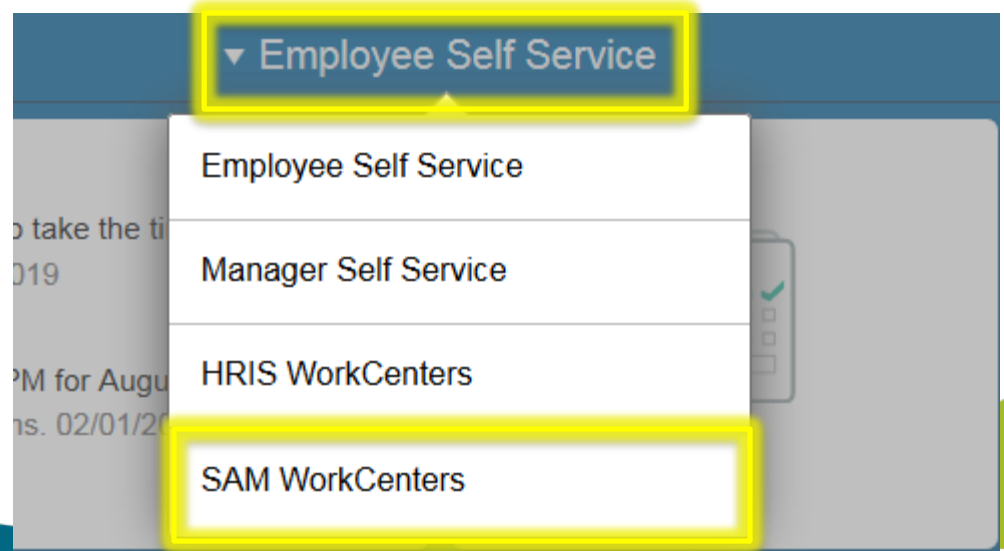

- Click on the Navigator
- You will now see other links

NavBar: Navigator

 Recent Places	HRIS >
 My Favorites	SAM >
 Navigator	Change My Password
 HRIS Manage Delegations	
 SAM Approvals Delegation	

Navigation in SAM

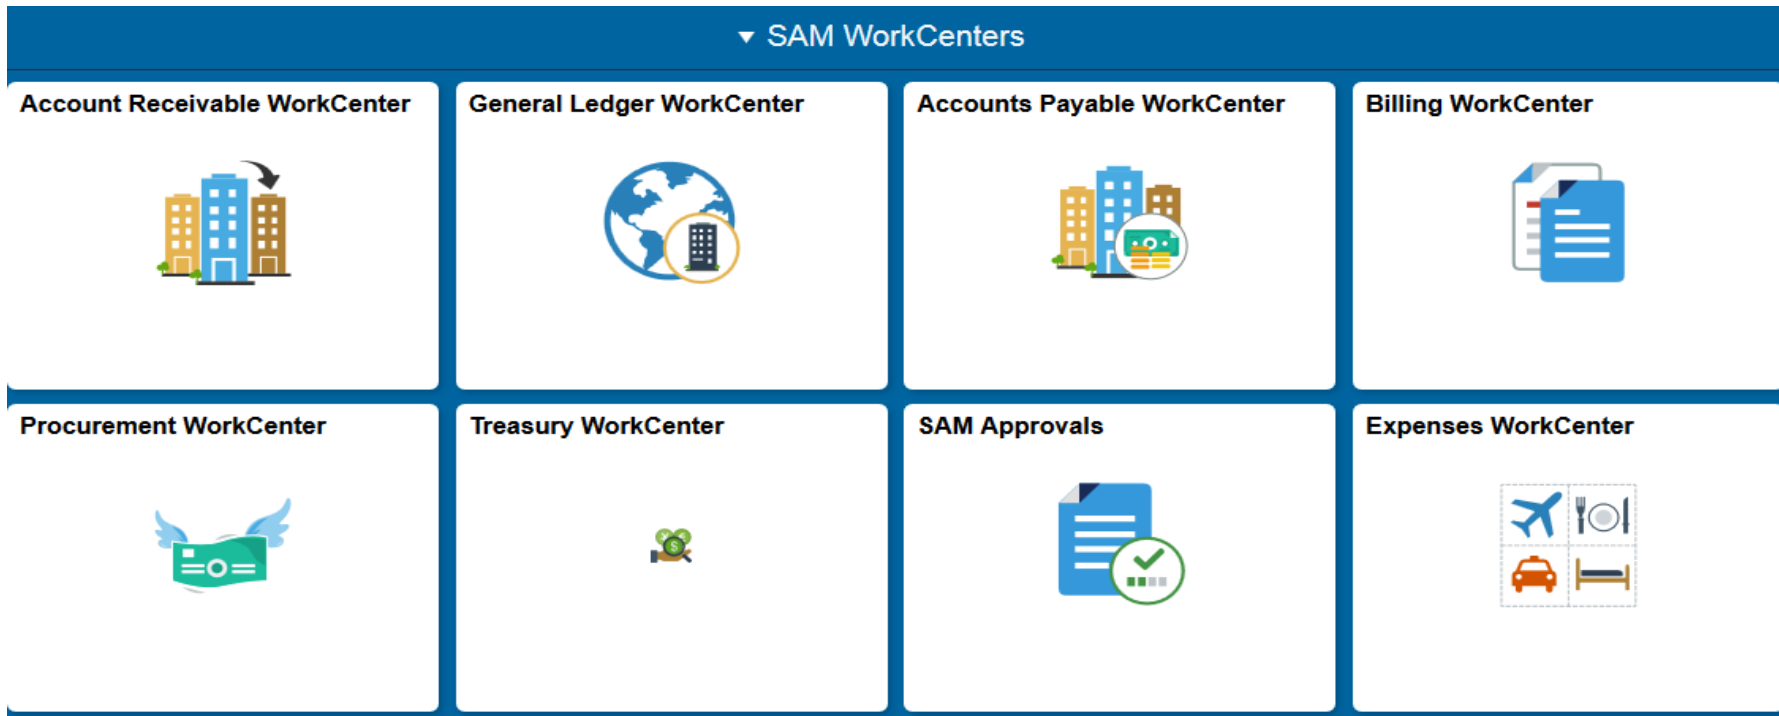

- Instead of using the Navbar you can use the Employee Self Service dropdown to navigate
- **Click on Employee Self Service** drop down
- **Click on SAM WorkCenters**

DEMO

- We will now demonstrate general navigation in SAM.

Navigation in SAM WorkCenters

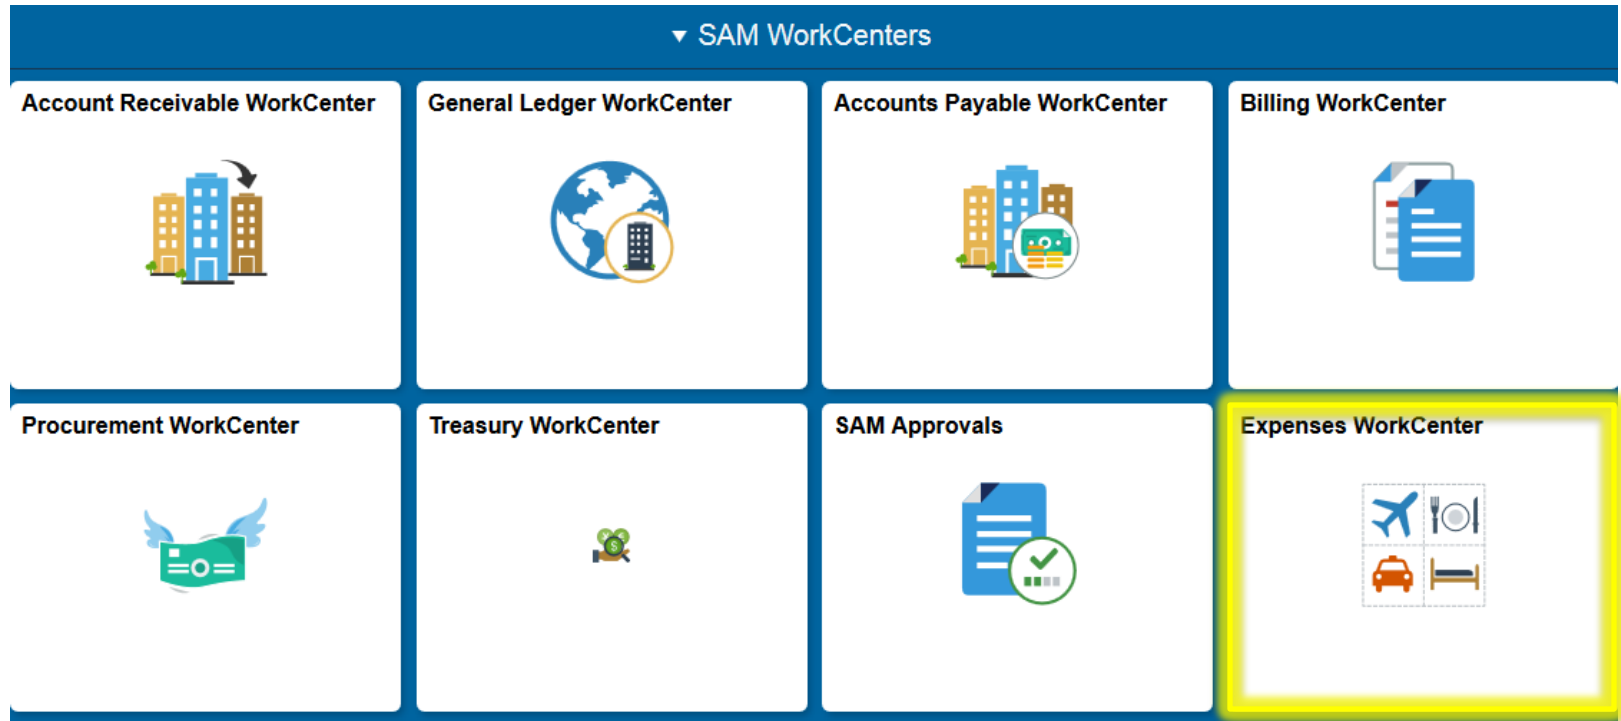

Navigation in SAM WorkCenters

- You will now see 8 WorkCenters (tiles):
 - Accounts Receivable
 - General Ledger
 - Procurement
 - Accounts Payable
 - SAM Approvals
 - Billing
 - Treasury
 - Expenses

Navigation in SAM WorkCenters

- Each WorkCenter lets the user perform a set of specific functions.
- You will have access to functions in Workcenters based on your security role. To gain access to additional functions, you will need to fill out a security access form and email it to the SAM help desk.
 - Email: samhelpdesk@gov.nt.ca

Navigation in SAM WorkCenters

Navigation in SAM WorkCenters

The screenshot displays the 'Expenses WorkCenter' interface. The main content area is titled 'GNTEX_WORKCENTER- WorkCenter Landing Page' and shows a table of results. The table has columns for Row, Name, EmpID, Document, Document ID, Description, Status, View, Modify, Delete, Cancel, Related Document, Related Document ID, and Appr List. A single row is visible with the following data: Row 1, Name Iddamsety,Abhishek, EmpID (redacted), Document Travel Authorization, Document ID 0000122329, Description Travel to Ft. Simpson, Status Approved, and a View button. The interface also includes a left-hand navigation menu with categories like References, Expenses Profile Management, Travel Authorizations, Expense Reports, Cash Advances, and Approvers/FESS. A yellow box highlights the main content area, and a red arrow points to a text box at the bottom.

Row	Name	EmpID	Document	Document ID	Description	Status	View	Modify	Delete	Cancel	Related Document	Related Document ID	Appr List
1	Iddamsety,Abhishek		Travel Authorization	0000122329	Travel to Ft. Simpson	Approved	View			Cancel			

The main screen is the WorkCenter

Navigation in SAM WorkCenters

The screenshot displays the 'GNTEX_WORKCENTER- WorkCenter Landing Page'. The left-hand navigation menu is highlighted with a yellow box and contains the following categories:

- References
 - SAM SharePoint
 - FESS SharePoint
 - FAM 760 - Travel
- Expenses Profile Management
 - Update Expenses Profile
 - Delegate Entry Authority
- Travel Authorizations
 - Create/Modify
 - Print

Home Search Actions List Help

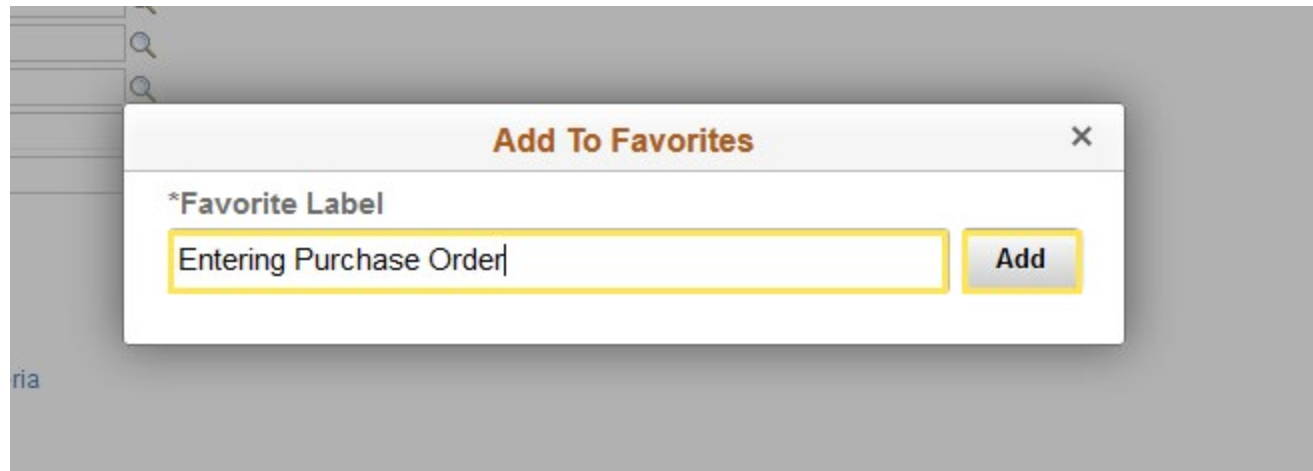

Add To Favorites

Sign Out

To save any page as a favorite. **Click** on the **Actions list** icon on the toolbar and then **select** the option **Add to Favorites**.

Setting up Favorites

- A pop up window will appear, you can enter a title for this favorite and then **click** the **Add** button.

Setting up Favorites

- To access this favorite page again, all you will need to do is
 - Click the Navbar
 - Select My Favorites

Setting up Favorites

The screenshot displays the 'Employee Self Service' interface. On the right, the 'NavBar: My Favorites' sidebar is visible, containing a list of favorite items: 'Edit Favorites', 'Entering Purchase Order', 'Generate Statement', 'Requisition search', and 'Verify Purchases'. A red arrow points from a callout box to the 'Entering Purchase Order' item. The callout box contains the following text:

Select the Favorite that you just created. This will take you to the entering purchase order page.

Setting up Favorites

The screenshot shows the 'Employee Self Service' interface. On the right, the 'NavBar: My Favorites' sidebar is visible. The 'Edit Favorites' link is highlighted with a yellow box and a red arrow. A yellow callout box contains the following text:

To remove a particular favorite or change the ordering of the favorites, **click the Edit Favorites link.**

The sidebar also lists other favorites: 'Entering Purchase Order', 'Generate Statement', 'Requisition search', and 'Verify Purchases'. The main content area shows various service tiles like 'View T4', 'Time Entry', 'Expenses Work', 'Comp Bank Balances', and 'Direct Deposit'.

Setting up Favorites

Edit Favorites

Select the Save button after editing or deleting favorites to apply your changes.

Save

Favorites

4 rows

<input type="checkbox"/> *Favorite	Sequence number
<input type="checkbox"/> Entering Purchase Order	4
<input type="checkbox"/> Generate Statement	3
<input type="checkbox"/> Requisition search	2
<input type="checkbox"/> Verify Purchases	1

To remove a Favorite from the list you select the relevant check box and click the Delete Selected button. In this example we are changing the ordering of the favorites. We do this by indicating the sequence that we want the favorites to appear in. Once you have determined the order of preference click the Save button.

Setting up Favorites

The screenshot shows a 'Self Service' web application interface. On the right side, there is a 'NavBar: My Favorites' sidebar. The sidebar contains a list of favorite items: 'Edit Favorites', 'Verify Purchases', 'Requisition search', 'Generate Statement', and 'Entering Purchase Order'. The main content area is divided into several sections: 'View T4', 'Time Entry', 'Expenses WorkCe', 'Comp Bank Balances', and 'Direct Deposit'. A yellow callout box is overlaid on the 'Expenses WorkCe' section, containing the text: 'You can now see that the sequence order of the favorites have changed.'

You can now see that the sequence order of the favorites have changed.

DEMO

- We will now demonstrate how to set-up favorites.

Find an Existing Value

- A number of the WorkCenters have the **Find an Existing Value tab**. This can be used to *search* for existing transactions.

Requisitions

Find an Existing Value | Add a New Value

Business Unit

Find an Existing Value | Add a New Value

After **clicking** the **Find an Existing Value** tab. You will get a number of fields to enter search criteria in to find the appropriate transactions.

Find an Existing Value

- The search fields have a number of operators that the user can use to better refine their search.
- The list of operators available are:
 - **Begins with**
 - **Contains**
 - **=**
 - **Not =**
 - **<**
 - **<=**
 - **>**
 - **>=**
 - **Between**
 - **in**

Find an Existing Value

- A wildcard character can be used in query expressions to expand word searches into pattern searches.
 - The percent wildcard, %, specifies that any characters can appear in multiple positions represented by the wildcard.
 - For example, the following search scal% finds all the terms beginning with the pattern scal or %458 will find all number combinations that end with 458.

Find an Existing Value

You can add wildcards like **%** between key words and the Query Viewer will search for all instances where both words appear. We have typed **%PURCHASE%ORDER%** in the description field and below are our queries that have both those words in the description field.

DEMO

- We will demonstrate how to use the Query Viewer now in SAM

Chart of Accounts (COA) – Definitions and Purpose

- A financial classification system for identifying, aggregating and reporting financial transactions.
- The COA provides the framework for
 - planning,
 - resource allocation,
 - management control,
 - accounting,
 - statistical and evaluation purposes,
 - preparation of Financial Statements.
- The COA is made up of a series of segments called ChartFields and each ChartField has a set of values.

Why is the correct COA coding important?

- Dictates how the financial transaction you have entered routes for approval
- Allocates the financial transactions to your specific budget
- Provides senior leadership with accurate reporting on NTHSSA spending

Chart of Accounts

Name	Field Length	Definition	Required	Naming Convention
GL Business Unit	5	Legal or reporting Entity which will maintain a balanced set of books (i.e. Balance Sheet required).	Required for all transactions.	One Business Unit NTH01
Organization	5	Organization represents Level 2 to 5 in the Functional Centre Framework. This field is used for expenditure approval routing.	Required for all transactions.	1 Admin & Support Services 2 Nursing Inpatient Services 3 Ambulatory Care 4 Diagnostic and Therapeutic Services 5 Community Health Programs 6 Community Social Programs 7 Supplementary Health Programs 8 Education 9 Undistributed
Account	5	Defines the purpose of the transaction and classifies accounts as balance sheet, operating, statistical accounts, etc. This represents a combination of the CIHI Primary Balance Sheet accounts and the Secondary Financial Accounts.	Required for all transactions.	10000 Assets 20000 Liabilities 30000 Financial Position 40000 Revenues 50000 Expenses 90000 Statistical

Chart of Accounts

Name	Field Length	Definition	Required	Naming Convention
Fund	2	Identifies the source of funding, whether from an annual appropriation or as a revolving/special purpose fund. This represents Level 1 reporting of the Fund Type. This field could be used to track restricted funding.	Required for all transactions.	01 – Operating 04 – Board Designated 05 - Capital 06– Special Purpose 08 – Endowment – Revenue Unrestricted 09 – Endowment – Revenue Restricted
Area	2	Will be used to define the Facilities across all the regions. This will allow for rollup to the region and be used for routing approvals.	Required for all transactions.	1x – NTHSSA 2x – Stanton 3x – Deh Cho 4x – Beaufort Delta 5x – Yellowknife 6x – Fort Smith 8x – Sahtu X – represents an Alpha that will identify the facility in the region.

Chart of Accounts

Name	Field Length	Definition	Required	Naming Convention
Settlement	3	<p>Defines the payroll split to be assigned to the employee in HRIS. The split is for</p> <ul style="list-style-type: none"> • Unit Producing • Management and Operational Support • Medical 	Only used for Payroll transactions	Numeric value 3 char (only 3 codes expected)
Program	5	Tracks revenue and expenditures for programs within or across NTHSSA to which you want to apply budgetary control.	For future use consideration	Numeric value-5 char

Chart of Accounts

Merchandise Amount	GL Unit	Org	Account	Fund	Area
11,000.00	NTH01	10700	51609	01	2B

- The above is an example of how you would code a financial transaction in SAM.
- The **GL Unit** will auto populate to **NTH01**.
- The **Account** code is often automatically populated by the transaction entered and will appear.
- The fields you will need to enter are the **Org**, **Fund** and **Area**.
- It is your responsibility to ensure these codes are correct

My COA Worksheet

Purpose	GL Bus Unit	Org	Fund	Area
<i>Example: Use When I Travel</i>	NTH01	13011	01	6A
	NTH01			
	NTH01			
	NTH01			
	NTH01			

Fill in this worksheet once the NTHSSA Chart of Accounts has been distributed.

Run Control ID

- A **Run Control ID** is a process that you initiate in SAM by defining certain parameters.
- A **Run Control ID** requires a name - only alphanumeric (letters and numbers) and the underscore character are permitted.
- Most common examples of **Run Control IDs** are the Visa One Statement and running the commitment control report.
- Once a **Run Control ID** has been created it is saved in SAM and can be reused.
